ABOUT THIS PROPERTY

This foreclosure property is a 1.5-storey single-family dwelling located in St. Johnson Village, Basseterre, St. Kitts, within a well-established high-density residential area close to essential amenities, services, and main road access. The property sits on approximately 2,304 square feet of land and offers a total gross floor area of 1,225 square feet:

The main floor, measuring 1,015 square feet, comprises two bedrooms and two bathrooms, along with a kitchen, dining area, and living space.

The lower level consists of a 210-square-foot basement currently used for storage

The home was constructed between 1980 and 1990 and has access to all major utilities, including electricity, water supply, internet, cable services, and paved road access.

This foreclosure property presents an opportunity for buyers seeking a fixer-upper in a central location, offering strong potential for renovation and value enhancement.

Upset price US\$124,618.70/EC\$335,000
